PROFILE

Python Developer | Data Analyst | Automation Developer with experience in **Python, Django, SQL, PostgreSQL, n8n**, and **Apify**. Skilled in **workflow automation, data analysis, dashboard development, manual testing**, and scalable web application development. Experienced in building data-driven solutions, reporting dashboards, and automated workflows to improve operational efficiency. Strong analytical and problem-solving abilities with a focus on delivering efficient business solutions.

TECHNICAL SKILLS

Technologies/Frameworks : HTML5, CSS, Bootstrap, JavaScript, React.js, Python, Django, Django REST Framework (DRF)

Version Control : Git, GitHub

Databases : SQL/PostgreSQL

Data / Reporting : Excel, Power BI, Data Analysis, Dashboard Development, Reporting

Tools / Automation : n8n, Apify, ChatGPT, AI-Assisted Development Tools

Testing : Manual Testing, Browser Automation Testing

Personal Attributes : Problem-Solving, Analytical Thinking, Communication, Documentation, Team Collaboration

Experience

Python Developer (Automation) – My Country Mobile (MCM BPO Pvt Ltd.) May 2025 - Present

- Designed and automated business workflows using **n8n** to streamline internal operations and improve efficiency.
- Built **lead scraping** and data pipelines using Apify, including **data collection, validation**, and enrichment.
- Developed **automation scripts** and integrated workflows with **Google Sheets** for real-time data management and reporting
- Created **AI-assisted dashboards** and integrated them with Django applications to visualize business insights and analytics
- Utilized **AI-powered development tools** to accelerate **Python/Django** development and workflow automation
- Performed **manual testing** on web platforms including (**UCaaS.MyCountryMobile.com**) and (**app.callmam.com**) to identify UI, functional, and usability issues
- Conducted browser automation testing to validate workflows and improve testing efficiency.
- Collaborated with developers to document bugs, verify fixes, and enhance application stability and performance.
- Optimized automation and data processing workflows to improve reliability, reduce errors, and ensure data accuracy.

PROJECTS

Issue Tracker Dashboard | Django

[Live Demo](#)

- Developed a centralized issue tracking dashboard using Django and AI-assisted workflows to improve task management and workflow visibility.
- Implemented Excel/CSV upload and live sheet integration for real-time data synchronization.
- Built issue creation, status tracking, search, filtering, and workflow monitoring functionalities.
- Designed an analytics dashboard to track progress and improve operational efficiency.
- Deployed the application on Render for live access and real-world usability.
- Contributed to backend development, debugging, database handling, and responsive UI implementation.

- Developed dashboards and reports to analyze issue trends, workflow efficiency, and operational KPIs.
- **Tech Stack:** Python, Django, HTML, CSS, JavaScript, SQLite

JuiceJunction – AI-Assisted Full-Stack App | React, Django

[Live Demo](#)

- Developed a full-stack web application for creating and customizing mixed-fruit juice combinations with real-time visualization and dynamic user interaction.
- Built REST APIs using Django REST Framework for recipe management, nutrition tracking, and order processing.
- Implemented responsive and interactive UI features using React, Tailwind CSS, Zustand, and Framer Motion to enhance user experience.
- Leveraged AI-assisted development and prompting techniques to accelerate development, optimize workflows, and improve productivity.
- Contributed to API integration, testing, debugging, and performance optimization to ensure smooth application functionality.
- **Tech Stack:** React.js, Django, Django REST Framework (DRF), Tailwind CSS, Framer Motion, JavaScript, Python

EDUCATION

Full Stack Developer	– 2025
• Aptech Academy.	
University of Mumbai, BACHELOR OF COMMERCE	2018 – 2021
• GPA: 6.49	
University of Mumbai, HIGHER SECONDARY(12th)	2016 – 2018
• Grade: 60%
